

Triple Crown and Kinetic: Proactive Pest Management

Formulated for Turf & Ornamental Landscapes

Triple Crown™

Protect your turf with Triple Crown, the singular solution for lasting residual and broad spectrum pest control. Its triple-action formulation works through contact and systemic activity to deliver fast-acting knockdown of over 30 damaging pests, both above and below the ground.

KINETIC®

Kinetic, an organosilicone-based nonionic surfactant, offers tremendous spreading and effectively delivers Triple Crown to targeted insects. Kinetic spreads so well that lower spray volumes can be used, improving application efficiency.
