

FORTIFY YOUR FOUNDATION. UNLEASH THE POTENTIAL.

Activate your plant's defenses with **Orbix™**, enhanced with **ENC® Formulation Technology**.

Orbix is a next-generation foliar nutritional that helps produce stronger plants by activating the plant's natural defenses and providing critical nutrition. The high-analysis nutrient solution of 8-5-3 NPK plus micronutrients contains **ENC Formulation Technology** and the proven, select plant extracts of **Renova®**.

THREE **WEEKS** **Orbix continues working for up to three weeks after application.**

Orbix mitigates stress and provides a quick response to improve plant vitality. With **ENC Formulation Technology**, it enhances nutrient uptake and plant growth and minimizes spray application problems.

Fortify your plant's foundation, and unleash its potential with **Orbix**. Contact your local Helena representative or authorized dealer for more information.

PRODUCT HIGHLIGHTS

- **High-analysis nutrient solution**
- **Helps increase plant health by mitigating chemical, biological & environmental stresses**
- **More efficient nutrient & moisture utilization**
- **Maintains balanced growth**
- **Contains ENC Formulation Technology:**
 - Enhances nutrient uptake to help correct plant nutrient deficiencies
 - Enhances tank mix compatibility
