

# Weeds Don't Stand a Chance.

*Get a choke hold on grasses & broadleaf weeds with a combination of Drive XLR8 herbicide and Dyne-Amic spray adjuvant.*

Control crabgrass, torpedograss, kikuyugrass, clover, speedwell and other stubborn weeds with Drive XLR8's proven formula.

Maximize the value of your herbicide investment with Dyne-Amic. It provides thorough coverage and penetrates plant tissue for faster uptake and excellent results.
